This month's value is **integrity.**

Our well-being theme this half-term is **Connecting with Others.**

13th October 2023

Dear parents & carers,

Some very exciting news: Mr Read has been appointed as headteacher of a primary school in Bristol and will be leaving Bushmead (after almost 17 years) at the end of this term. I know you will join me in congratulating him on his well-deserved appointment. He has made an immense contribution to our school and community. He will be missed but we are utterly delighted for him.

Many of our **Yr 6 children attended a residential at Kingswood** this week. Residentials are such an important experience for children and they had a brilliant time. Thank you to our team that gave up their own time to take the children. See pictures below.

School Cloud PTCs - 80% of our parents have made an appointment. We would love it to be 100%! If you haven't booked a time for Monday or Wednesday next week, please do so. If you have any issues, please contact the school office.

Thank you to everyone that donated to Luton Foodbank! As always, our Bushmead community is very generous. We hope our children also learn about the value of giving as well as breaking down stereotypes of those that receive help. A huge thank you to our school council for sorting out the donations.

We had quite a few children below on the playground without an adult today, before 8.25am. Please ensure that your children are supervised. Many thanks.

A reminder that next week school is closed on Friday for Teacher Training. All staff will be undertaking Safeguarding Training.

Have a lovely weekend.

BONFIRE & FIREWORKS SAFETY

We would always recommend attending an organised bonfire or firework display, but if you do host your own...

- · Build the bonfire away from houses, sheds, fences etc.
- · Never use flammable liquids like paraffin or petrol to light the fire
- · Keep a bucket of water or a garden hose nearby
- · Don't leave the bonfire unattended
- · Keep children and pets away

You must be 18 years or over to buy and set off fireworks

- · Store fireworks in a closed box and take them out one at a time
- · Follow the instructions on each firework
- · Light fireworks at arm's length, using the taper provided
- · Never go back to a lit firework even if it hasn't gone off, it could still explode!
- · Don't drink alcohol if responsible for setting off fireworks
- Only buy fireworks which carry a CE mark.

- · Keep all fancy dress costumes away from naked flames.
- Use LED candles in pumpkins they don't blow out and they are much safer.
- Check the labels on any fancy dress outfits you buy for fire resistance and a registered trademark.
- Remember, cheaper products are more likely to be counterfeit and could burn quickly if they catch fire.

Burns and scalds last a lifetime. Remember if clothing does catch fire, **stop**, **drop** and **roll** until the fire is out.

In an emergency cool any burns with large amounts of water and get urgent medical assistance.
